Cleared with 62.4%

TECHNICAL SKILLS

Java, Python, Html/CSS, JavaScript, MySQL.

SOFT SKILLS

Problem-solving, Listening and Learning Skills, Flexible & Adaptable, Team Work, Leadership

PROJECTS

Project name: Amazon clone

Description:

A responsive Amazon clone developed with HTML, CSS, and JavaScript, offering a seamless shopping interface. It includes a product catalog with images, descriptions, and prices, a functional shopping cart with real-time total updates, and a search bar to find products quickly. The mobile-friendly, responsive design ensures optimal usability across all devices.
